

Koala Sponsorship

Background

The Koala Sponsorship Programme has been developed to create a sustainable and attractive opportunity for both national and local businesses to support the development of the charity (More Education T/A Koala Academy and Koala Community Hub). In an era where many businesses are balancing corporate social responsibility, as well as ensuring their business is profitable, we are determined to create a unique opportunity for businesses to ensure that they can see a tangible return on their investment.

The Model

The More Education Trustees are keen to raise funding for two projects – to set up and mobilise the Koala Academy and to expand the provision of the Koala Community Hub. More information, regarding both projects can be found below.

It is important that our sponsor organisations receive publicity that is right for their business. Whilst the below is a guide, the team would be happy to discuss other alternative opportunities for joint publicity.

Organisations can choose whether they would like to sponsor the Koala Community Hub or Koala Academy. It is also possible to sponsor both projects. Please note that if funds are to be allocated to one project only, your organisation logos will only show on that website/communication streams. Sponsorship of both projects will mean that your logos will be included on all websites. Further information about More Education, and each project, can be found here:

A 'Proud sponsor of Koala Academy and Koala Community Hub' logo (or just one project element), to be used by the sponsor. 	£500 Already Sponsored: Miss S	30 companies

Minimum Donations

The amount stipulated above is the minimum amount that must be donated to trigger this membership level. The 'donation' can be made up of services, equipment or cash donations. Where the donation is made up of services or goods, proof must be received of the 'normal' cost of those goods or services. For example, if offering a professional service at £200 an hour, this service cannot normally be offered to other business customers at £100 an hour in an attempt to inflate the donation rate.

Koala Sponsorship

Where an agreement is signed, between the charity and the sponsor, prior to monies being released, the sponsor shall enjoy the benefits of the chosen membership programme once an initial donation has been made (the amount and timescales of these donations will be agreed between both parties).

Sponsor Suitability

The Trustees retain the right to discontinue the sponsorship agreement if the sponsor company does, at any time, involve themselves in any of the following:

- Activities which are harmful to children or young people
- Activities which are illegal
- Activities which are considered disingenuous by the More Education Trustees

All sponsors will be asked to sign an agreement regarding their use of the sponsorship programme logo.

Points of Note

- Once the initial programme period has ceased, and the school is operational, there will still be opportunities to sponsor additional programmes and possibly, additional schools. However, it is likely that membership numbers will reduce greatly in the second intake.
